

420W 3-in-1 Moving Head Light

- Light Source: OSRAM 421W (USHIO 421W lamp optional) ;
- Color Temperature: 7500K;
- Lamp Lifespan: 1500H;
- Beam Angle: 2° - 45° (Zoom function available);
- Power Supply: AC110V - 240V, 50/60Hz;
- Total Power Consumption: 600W;
- Static Gobo Wheel: 13 static gobos + open white;
- Rotating Gobo Wheel: 7 rotating gobos, variable-speed shake & bidirectional rotation ;
- Color Wheel: 11 color filters + open white, half-color effect, bidirectional rotating rainbow effect;
- Prism: 5-facet prism, bidirectional rotation with adjustable speed;
- Focus: 0~100% linear focus adjustment;
- Zoom: Linear zoom ;
- Frost: 1 frost filter, 0 - 100% linear adjustment;
- Strobe & Dimming: Dual-shutter strobe, linear dimming;
- Pan & Tilt Range: Pan 540° ;
- Tilt 270° : 16-bit fine adjustment, automatic position correction & reset function;
- Operating Modes: Auto-run, Sound-active, Master-Slave;
- DMX Channels: 18CH mode;
- Other Features: High-precision cemented optical lens; adjustable Pan/Tilt speed with automatic position correction. LCD display checks fixture and lamp runtime for easy maintenance; automatic variable-speed fan control. Light source power automatically reduced by 50% when mechanical shutter closes;
- IP Rating: High-temperature resistant precision injection molded housing, IP65 waterproof rating, Highly elastic water-repellent sealing tape embedded on all seams to protect internal components from rainwater intrusion;
- Operating Temperature: -20°C ~ 40°C;
- Product Dimensions: 40×30×68 cm;
- Packing Dimensions: 59.5×54.5×70 cm;
- Net Weight: 33.82 kgs;
- Gross Weight: 39.6 kg
