INFORMATION STAGES AND DESIGN

THREE INFORMATION STAGES

1

INITIAL INQUIRY

Share what is currently available to open discussion. Physical sample and 2D drawing are confirmed acceptable early reference types.

2

COMPLETE QUOTATION

Additional project-specific information and review may be required. Missing information is identified case by case.

3

FINAL PRODUCTION SPECIFICATIONS

Final details require separate review, confirmation and approval. This sheet is not a final production specification.

C. DESIGN INFORMATION

Design Artwork

File name, link and version

Product Reference / Sample Notes

Reference item and key differences

Open Design Questions

Questions or decisions still open

REFERENCE BOUNDARY: CAD, STEP, sketch and rendering are not presented in this tool as confirmed accepted early reference types. If a buyer has other files, identify them only as buyer-provided references for HECHANG review.
